RALLY SPORT

REGION OF THE PORSCHE CLUB OF AMERICA

THE RIGHT SEAT

Lisa Lilly

Well, here it is, my editorial debut. Needless to say, I am extremely petrified. Figuring out this computer program has been a trip!! Hopefully, you won't find too many errors, and if you do, just don't tell me. O.K.?

Surely by now, you are wondering what has happened to Emmanuel. Don't worry, by the time this newsletter finds its way to your mailbox, he will be home. Unfortunately, business has taken him to Germany for the whole month of September. What a Bummer!! I do know that he has found a great go-kart track, with non-moveable barriers and really fast karts. Sounds like fun, but something tells me it's probably too far for a club event.

Look, It's Super E-Man

Actually, I would like to use up some of this space to give Emmanuel a well deserved pat on the back. He gave many hours of his personal time to help create our region of the Porsche Club. It was a very busy time for him, as he was in the last term of studies for his Masters Degree. The work he has put into our newsletter should not go unnoticed either. His editorial style, and outstanding sense of humour have made our publication an outstanding one in a very short period of time. Thank you Emmanuel!!

My Other Super Hero

I just can't lose an opportunity to thank Bob Sandau for a fabulous track season. It is a time consuming and mindbending task putting these schools together. Bob's patience, and commitment to making our region's events safe and successful continues to astound me. Thank you Bob, for letting me be a part of it.

Dyno-Mite

Dan Kantrow has come up with a fabulous idea for a club event. I am sure many of you would be interested in dyno-testing your cars. With the winter months fast approaching, Dan would like to know when club members would like to have this event. The cost will be about \$90 per car. If you're interested please give Dan a call ASAP @ (313)998-1403.

FROM THE OVAL

Matt Huber

Well, the track season has come to a close with resounding success. All of the RSR track days and the charity event were huge successes. A big thanks must be given to Bob Sandau and Lisa Lilly, who have worked very hard to make this a great first season. (*How embarrassing-ed.*) Also, a thanks goes out to all of the instructors who made these events possible. The only problem now is the wait until spring for the 1997 RSR track season.

With the onset of winter and the conclusion of the track season, thoughts move on to the social side of the club. The next event is the fall rally. This always proves to be a great time to get the Porsche out for a drive and enjoy the prettiest time of the year in Michigan.

Looking past the rally, our board is looking for people with new ideas for events. There is always room on the calendar for more of them. The metro area is filled with things to do. All the club needs are people to identify and help run the events. Anyone who has an idea can feel free to call me, or come to a board meeting and put it on the calendar. Remember there are no limits to where events can be held. An area that has gone without an event is Northern Detroit. It is not that this area is being neglected, but nothing has been put forward.

The next board meeting is a very important one. The elections are upon RSR and they will be discussed. If there is a meeting to be attended, this is the one! The club is looking for members who are willing to run for office. Anyone interested in running, please call a board member or attend the next board meeting and put your name on the ballot.

Now that the track season has ended, I hope to see you at other club events in the coming months. So until next time, safe driving!
